

**Poly-Labtray**  
**SKU# 5248-YE**

The precise work that occurs in a lab requires tailored containment found in the ENPAC Poly-Labtray. Its plastic construction is very chemically resistant, while the design catches overflows of liquid and powder chemicals during standard lab operations. The large surface can hold up to four 1-gallon bottles, while the sump holds a generous 2.5 gallons.

- Won't rust or corrode
- Removable grate for easy cleaning
- Low-profile, unobtrusive design
- Prevents contamination of other lab equipment
